BURSCOUGH TOWN COUNCIL

Merry Christmas
from
BURSCOUGH TOWN COUNCIL

From our Councillors and Clerks, a Christmas and New Year message.

As we approach the festive season, Burscough Town Council would like to wish all residents of Burscough, and our surrounding communities a very **Merry Christmas and a happy, healthy and peaceful New Year.**

Christmas is a special time to reflect on the year gone by, celebrate our community spirit and look forward to the opportunities that a new year brings. It is also a time to appreciate the many people who make Burscough such a wonderful place to live, work and visit.

As we enjoy the festive celebrations, let us also remember those who may be feeling lonely, vulnerable or finding this time of year particularly difficult.

A simple phone call, a friendly visit or a little practical help can make a real difference.

If you have elderly relatives, neighbours or friends living nearby, please take a moment to check that they are keeping warm, have sufficient food and essential medication, and are managing comfortably.

Wishing you and your families a wonderful Christmas and every happiness in 2027.

Burscough Matters – *Your Town, Your Council*

Coming soon to Burscough – ten new RTI (Real-Time Information) bus shelters. These will provide residents and visitors with more convenient, reliable and accessible public transport information. By displaying live bus arrival times, they will represent a positive stap towards improving Burscough's transport facilities and making the town a more welcoming and connected place for everyone. Lancashire County Council (LCC) will fund the necessary infrastructure works, while the total cost of £102,000 for seven of the new bus shelters and one pole sign will be fully funded by Burscough Town Council using its Community Infrastructure Levy (CIL) funds.

The new public footpath along Tollgate Road, between Pippin Street roundabout and Lordsgate Lane, will represent a significant investment in improving pedestrian safety, and accessibility in Burscough. Fully funded by Burscough Town Council through £194,000 (estimated) of Community Infrastructure Levy (CIL) funds.

Burscough Town Council continues to work with West Lancashire Burough Council on the proposed redevelopment of Bobby Langton Way. To help progress this important project, BTC has agreed to contribute £20,000 from Community Infrastructure Levy (CIL) funds towards survey and consultation fess. This will form part of the Town Council's share of the overall project costs.

A note for your diary – Burscough's Christmas lights will be switched on from **Friday, 27th November**. As in previous years, there will be no official switch-on event due to health and safety considerations and the busy traffic on the A59.

A reminder about our Christmas competition! Burscough Town Council invites residents to take part in our **Illuminate Your Front Garden** competition and help bring some festive sparkle to our town. Get creative, brighten up your home and spread some Christmas cheer for neighbours and the wider community. See over for further details on how to enter and the fantastic prizes on offer!
